Date of Birth	5th September 2001
Visa	Father-Sponsored UAE Residence Visa, Valid till June 2025

Career Objectives

As a recent graduate with a solid foundation in cyber security studies, I'm excited to apply my abilities, expertise, and passion for protecting digital environments to a challenging and dynamic professional environment. By utilizing my skills in threat detection, vulnerability assessment, and risk mitigation, I aim to contribute to the security and integrity of information systems. I'm looking for an entry-level job where I can work with seasoned professionals, hone my practical abilities, and contribute significantly to the rapidly changing cybersecurity field.

Education

Bachelor of Computer Science: Cyber Security Major
University of Wollongong in Dubai, UOWD
2020 – 2023

High School Diploma
Victoria English School, Sharjah
2011 – 2019

Skills

- Project Management
- Python
- TensorFlow
- SEIM
- C++
- HTML/CSS
- JSON/XML
- OOP
- Java
- WordPress
- Linux
- Threat Analytics
- JavaScript
- SQL
- Metasploit

Projects

Capstone Project:
CyberVault: Portable External Firewall and IDS with Machine Learning and Natural Language Processing Capabilities

Other Notable Projects:
- Used Object Oriented Programming and Random Number Generation to create a randomized seating plan of a bus based on certain criteria.
- Used brute force and other algorithms to traverse a 2-D matrix, created from an altitude map, and output the least amount of energy and steps used.
- Solved a Many-Time Pad encryption to reveal some texts.
- Worked with machine learning frameworks to create a program that can detect spam emails.

Certification

Completed:

2023	**APSARA Clouder - Cloud Computing**	2023	**APSARA Clouder - Cloud Security**
2023	**APSARA Clouder – Big Data**		

In Progress:

2023	**CompTIA Security Plus**	2023	**ISC2 Certified in Cyber Security**
