## EDUCATION

### Bachelor of Computer Science major in Cyber Security

The University of Wollongong in Dubai

09/2018 - 06/2023

Distinction

#### Courses

- Computer Science - Cyber Security
- General Education

## RELATED PROJECTS

### Recallify (10/2022 - 04/2023)

- Developed an Android app aimed at enhancing memory for patients with Traumatic Brain Injury (TBI).
- The app was developed using Kotlin.
- Additionally, a server was implemented to host the Python code and to manage requests and responses, Flask framework in Python was utilized.
- This project was completed as part of a final year project and received a distinction.

### Advanced Port Scanning using Nmap (01/2021 - 03/2021)

- Utilized Nmap's robust capability known as the Nmap scripting engine (NSE) for conducting advanced port scanning.
- Banner grabbing, FTP, HTTP and MySQL enumeration, CVE.

## WORK EXPERIENCE

### Cyber Security Analyst (Internship)

Digital Insights

07/2023 - Present

Dubai, UAE

#### Skills

- Alienvault SIEM
- Malwarebytes EDR
- Weekly and Monthly client reports
- Alarm and Event analysis
- Usage of Digital Forensics tools such as Tableau and Recon Imager

## SKILLS

Python

Cybersecurity

Nmap

Network Security

Documentation

GitHub

Kali Linux

Responsiveness

Learning mindset

Meeting deadlines

Team-working and collaboration

Leadership

Motivation

## CERTIFICATES

### Introduction to Cyber Security (06/2023)

Online course - Cisco

### IT Security Foundations: Network Security (06/2023)

Online course - LinkedIn Learning

### Foundations of Cybersecurity - Google (06/2023)

Online course - Coursera

### Connect and Protect: Networks and Network Security - Google (07/2023)

Online course - Coursera

### Security Testing: Nmap Security Scanning (07/2023)

Online Course - LinkedIn Learning

## LANGUAGES

English

Full Professional Proficiency

Hindi

Limited Working Proficiency
